Pixel Craft student Animation Club

Faculty Advisors:

Club Advisor: Dr. Vaishali Prasad Latke

Co-Advisor: Dr. Yogeshwari Mahajan

Co-Advisor: Mrs. Madhavi Milind Kapre

Vision:

To empower Computer Engineering students to creatively blend technology and art by mastering animation, graphics, and multimedia tools — nurturing innovation, storytelling, and design thinking that enhance both technical and aesthetic excellence in digital content creation.

Mission:

To cultivate creativity and technical expertise among Computer Engineering students by providing a platform to explore animation, visual effects, and multimedia technologies. The club aims to enhance students’ skills in design and storytelling through hands-on projects, workshops, and collaborations — bridging the gap between engineering innovation and artistic expression.

Objectives of the Club

- To spark creativity in the field of animation and computer graphics.

- To encourage hands-on learning through workshops and technical sessions.
- To build team-based creative projects with real-world applications.
- To bridge the gap between curriculum and industry trends in animation.
- To explore software tools like Blender, Unity, After Effects, Maya, etc.

Club Formation: 03 Sept 2025
